

September 19, 2025

To Our Valued Customers:

We want to inform you of an important change regarding our pricing policy, effective immediately.

Due to the recent increase in U.S. import tariffs from India — now raised to **50% under the Trump Administration's tariff policy** — we are implementing a **10% tariff surcharge** on all outgoing orders. This surcharge is necessary to offset a portion of the significantly increased costs we are now incurring on imported goods.

We understand that price changes can be disruptive, and we assure you this decision was not made lightly. This measure is essential to maintain the quality, consistency, and availability of the products you expect from us.

We value your business and your understanding as we navigate these industry-wide challenges. If you have any questions or concerns please feel free to email me directly at nitin@nidico.com or call at (215) 604-1010 x101

Thank you for your continued partnership.

Sincerely,

Nitin Khanna
